

Worship

We are called first and foremost to worship God bringing our very best. Through our gifts, we enhance all aspects of worship through the spoken word, music, and visual presentations

\$94,752

Faith Development

We continue to develop ways in which we can offer new opportunities to the community: children, youth, and adults. For young families, we continue to create community outreach and quality family events. For youth, we continue to create disciples through new weekly ministries, retreats and mission trips, and leadership development. For adults, we continue to offer ongoing small and large group studies and create new experiences such as book discussions and ways to connect to God through creation.

\$104,811

Congregational Care

We seek to provide spiritual support for members around life events from birth to death through prayers, letters of encouragement, and personal visits wherever people might be. Your financial contributions help to ensure that all in our community of faith are cared for in tangible ways during life-event cycles.

Ministry Action Plan

Hospitality

We seek to provide a welcoming place for all to fellowship while building stronger bonds with our local community and providing opportunities to showcase the ministries and programs that CFUMC offers.

\$17,700

Trustees/Facilities

Our goal is to approve and provide oversight to the operational functions of the church, providing well maintained, safe structures that provide facilities to implement the programs and missions of the United Methodist Church in our community.

\$479,780

Office/Marketing/Communications

The office is the lifeblood of day-to-day operations providing everything from paperclips to postage. An increase specifically in the area of communications allows us to no longer be “the best kept secret in town,” but a household name.

\$103,360

Staff/Parish

Our staff are essential to the ministries of our church and work diligently to equip us all for ministry. After more than 5 years of no COLA raises, this funding would provide for salary increases and staffing to cover all needed areas. Through your support, we can provide a fair and just place of employment.

\$1,105,257

Finance

We seek to provide an annual audit of our financial statements, records, accounts and internal controls to ensure compliance with local laws, church policies, procedures and the Book of Discipline, as well as providing assurance, advice and insights that direct our faithful use of the resources with which God has blessed us.

\$33,922

Generosity

We seek to provide additional tools and support for members of the congregation to learn how they can grow in their financial generosity.

\$13,000

Missions/Service

While continuing our support of the United Methodist Church connection through apportionments, we seek to connect with other United Methodist Churches to learn of ways to support the homeless population of Forsyth County. The Mission Team is focused on providing the congregation with opportunities to embrace and encourage our youth as they engage in practical ways to be missional and to support, develop, and grow our current outreach ministries.
