WANDERINGS WITH NATURE

The Faith Development team invites you to encounter God through a close reading of the Book of Nature. We will read, wander, observe, listen and connect to the wondrous variety of human and non-human inhabitants of God's creation. We will share together as we make a communal discovery of the truth and love we find.

Sunday, September 8, 4-6 PM

Wander, Hike, and Mosey: For children, youth, and adults. We will meet at the Outdoor Chapel at the church. We will set out on an exploration of the natural places of our church campus and surroundings, and return for a celebration of our experience. No registration needed

Thursdays, September 12-November 10, 7-9:30 PM

WILD: a weekly online Zoom experience. We will wander, watch documentaries, read the Bible, listen to pod casts and read books about sacred nature, during the week, then come together for discussion.
